

# SIGN-UP FOR **MARRIAGE**EQUALITY

MarriagEquality believes that the only way to achieve civil marriage for gay and lesbian people is to directly ask our public representatives for it.

That is why we must be prepared to visit them, tell them our stories, explain that we want the right to marry, and to ask them to make it happen.

MarriagEquality wants to make it as easy as possible for you to do this.

**Therefore sign-up now to support MarriagEquality and we will contact you directly and talk you through the process of:**

- 1** Where and when to visit your local TD
- 2** The questions you might ask,
- 3** What your TD may or may not have said about this important issue

**We can also help you:**

- ↙ Organise a meeting in your local area
- ↙ Address a group in your home, or a friend's home
- ↙ Provide information and support about MarriagEquality

**All you need to do is provide us with:**
